International Conference
for Renewable Energies, Bonn

renewables 2004 – List of Participants

Final version as of 27 July 2004

From 1 to 4 June 2004, Bonn played host to guests from all over the world. Some 3,600 participants followed the German Government's invitation to attend the International Conference for Renewable Energies – *renewables 2004*. Among the participants were delegations from 154 countries, including 121 ministers responsible for energy, the environment and development. The intergovernmental conference was also attended by representatives from the United Nations and other international organisations, non-governmental organisations, civil society, the private sector and other stakeholder groups. Participants were accredited either as delegates or observers.
